DEBATING CONTEST AT W. A.

P. P. Peterson, a Utah Student, Graduating With Honors from Chicago U .- Wants Sugar Factory.

Ogden, March 3.-Despite the talk of few days ago that the prohibition agitation was going to kill the town, there is great activity in building circles of Ogden, since the arrival of good weather. During the past few days the architects and contractors have been unusually busy in preparing estimates, etc., for proposed new buildings. Business blocks, residences and public buildings are among those hich are either under erection or ntemplation

contemplation.

The work upon the new high school puliding is progressing rapidly, all the foundation walls being practically completed. The material for the remainder of the construction of the building is arriving in carload lots daily. The work upon the foundation for the Forest Service building which is to be built by Fred J. Klesel at the corner of Twenty-fourth street and Linceln avenue has been started during the past two days and is now being rushed along.

DEBATING CONTEST.

At the Weber academy this evening will occur the final contest of the academy for the championship of debating, the event to take place in the school auditorium at 8:39 p. m. The first series was won by the Sophomores and Juniors and these classe meet in their final contest this evening. A silver leving cup tendered by the class of 1905, will be awarded to the winners. It will be held by the team for one year with the privilege of inscribing their class numerals upon the cup as a witness of their victory.

The question for debate is: "Resolved, that the United States should bermanently retain the Fhilippines."
The judges will be Hon. H. H. Rolapp.

What is it?

In point of fact, it is the freedom from poisonous and spurious ingredients, the excellence in flavor that gives to

their wide popularity and increas-ug sale. The retail grocers are carning that quality rather than price is necessary to retain the confidence of customers and make successful business.

Is certain if you take Hood's Sarsaparilla. This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

Sarsatabs—For those who prefer medicine in tablete form, Hood's Sarsaparille is now put up in chocolated tablete called Sarsatabs, as well as in the usual liquid form. Sarsatabs have identically the same curative properties as the liquid form, besides accurately of dose, convenience, coonemy,—no loss by evaporation, breakage, or lee' re. Prohibition Arguments Pro and Con.

Some reasons why the sale and manufacture of liquor should be suppressed by law.

HOW PROHIBITION WORKS IN GEORGIA.

Editor Descret News: It is my pleasure to confirm the statement of President C. A. Callis as to facts and results of prohibition in the Southern States. Particular reference was made to the state of Georgia and the war waged by anti-prohibitionists. It was also my privilege to become acquaint. ed with public sentiment, being associated with many of the state's populace from country to town and from town to city. I was there when prohibition went into effect and the results were most remarkable, even within six months' time. One remark, able feature of the many good results was that of men going home from their work with packages of life's necessities under their arms instead of staggering towards home with empty dinner palls. Fresh beefsteak, fish and a supply of vegetables had taken the place of the demijohn or a few bottles of "Export." This fact was so very evident that it afforded considerable room for expression and favorable comment of existing conditions and a better future. President C. A. Callis as to facts and
